Biography:

Carl K. Andersen is the Connected Vehicle Program Manager for the Federal Highway Administration, providing overall coordination of FHWA efforts to develop Vehicle-to-Infrastructure systems, including enabling technologies, safety, mobility and environmental applications, and policies to stimulate and support deployment of the systems. Carl also serves as a central point of contact for FHWA on connected and automated vehicle activities, and leads efforts to develop an FHWA Automated Vehicle Vision Statement.

Carl earned a Bachelor's Degree in Marine Science from the U.S. Coast Guard Academy, and a Master's Degree in Physics from the Naval Postgraduate School, Monterey.
